

## Adam Leitman Bailey, P.C. Donates Computer Equipment to High School Students

---

As part the “Building Foundations” charity commenced in 2009, Adam Leitman Bailey, P.C. donates computers and other educational tools to underprivileged kids and schools. Pictured below are two recipients who were given laptops, printers and speakers, along with other accessories to prepare them for their studies in college. The surprise donation was perfectly timed for these high school seniors who are in the process of applying to colleges.
