Dear Adam,

Thank you so very, very much for your incredibly generous contribution to the Community Development Law Clinic! I really appreciate the longstanding support you've given the clinic (from the time you were a student attorney!). I'm excited about the impact we're having on community revitalization and community economic development in Syracuse and it's good to be sharing this excitement with you.

It's great to be back in touch with you, Adam. As you've requested, I will definitely keep you apprised of our progress and let you know how the funds will be used. I hope to see you in the fall!

Sincerely,

A handwritten signature in black ink, appearing to read 'Deborah Kenn'.

Professor Deborah Kenn, Director
Community Development Law Clinic
